HOW TO GET STARTED

NEW TO SAFESTOP?

Just follow these easy instructions to get the app.

- Search "SafeStop" on your Apple or Android device to download the free app. You can also access SafeStop on the web at www.SafeStopApp.com.
- Select "Create Account", enter your information, and search for your school or district using your ZIP/Postal Code.
- Locate and select **Lockport City School District** from the list provided.
- Enter in at least one valid Student Number to complete your secure registration. If you have multiple children on different routes, enter in each of those Student Numbers.
- Do not know your Student Number? You can contact your school to retrieve it.

RETURNING USER?

Welcome back! Now, let's get your account back online.

Log in to your SafeStop account then click "Reactivate Your Account." From there, just enter your postal code, select **Lockport City School District**, and re-enter your Student Numbers to successfully renew your account for the year.

SETTING UP YOUR ACCOUNT

- Once you log in to your account, your assigned bus stops will be displayed in your account.
- To add additional bus stops to your account, select "Add A Bus Stop" and search using your home address. A list of routes with bus stops near you will appear. Select the desired route and bus stop and tap the check mark in the top-right corner to return to your account home screen.
- **NOTE: SafeStop relies on the information provided by the transportation department and will not distribute or modify route or student information.**

USING YOUR ACCOUNT

- Each bus stop features a Bus Locator button and a Scheduled Arrival Time. In most cases, an Estimated Time of Arrival will appear once we confirm the route is being performed as planned.
- The Alerts & Messaging Center is located in the top right corner of the app, which contains messages and updates from your transportation department.
