## **COVID-19 Vaccination Clinic Schedule**

The Niagara County Department of Health will be offering FREE COVID-19 vaccine at several sites.

As of November 4, 2021 children ages **5-11** are eligible to receive **Pfizer-BioNTech** Vaccine. **Appointments are strongly recommended** and **ALL children must be accompanied by a parent or guardian.**

On December 16, the CDC recommended that **mRNA COVID-19 vaccines** (i.e., Pfizer-BioNTech or Moderna vaccines) **are preferred over the Janssen COVID-19 vaccine for the prevention of COVID-19 for all people age 18 years or older.** This recommendation applies to **both primary series and booster doses.**

COVID-19 booster doses are now recommended for all individuals ages 18 years and older at least 6 months after completion of an mRNA primary series (Pfizer-BioNTech or Moderna) or at least 2 months after completion of a one-dose Janssen primary series. Individuals 16 & 17 years of age may receive a booster of Pfizer-BioNTech vaccine at least 6 months after completion of the primary series. Children ages 5 – 15 years of age are NOT eligible for boosters at this time.

**Booster doses for Pfizer, J&J and Moderna** are available at each location. **Pre-registration is strongly recommended.**

**Orleans-Niagara BOCES** **Wednesday, January 05, 2022** **3:00 PM – 7:00 PM**  
**Niagara Career & Technical Educational Center**  
3181 Saunders Settlement Rd., Sanborn, NY 14132

- Booster Dose (16+) J&J, Moderna & Pfizer: <https://on.ny.gov/342saFm>
- J&J Single Dose (18+): <https://on.ny.gov/3433PiH>

Please use the above links to secure an appointment time. If you are unable to register online, please call 211 at 1-888-696-9211. If you are registering for a booster dose, please have your vaccine card available, you will be asked to confirm your previous vaccination dates.

**Second Dose Pfizer Appointments:**

All individuals attending a Niagara County DOH clinic, will be auto-registered for the 2nd dose appointment at the same location and same time as the 1<sup>st</sup> dose unless otherwise directed. Anyone that received a 1<sup>st</sup> dose at a pharmacy or other clinic should use a registration link to register for an appointment *at least 21 days after the 1<sup>st</sup> dose*.

**Vaccination of Minors:**

All individuals **age 5 and older** are eligible to receive a **Pfizer** COVID-19 vaccine. NCDOH recommends that *all* minors be accompanied by a parent or guardian. Providers may accept a COVID-19 Immunization Screening and Consent Form completed by the parent or guardian, where the parent or guardian is not available in person or by phone to provide consent to vaccinate. Look for the form under “Vaccination of Minors Ages 5 – 17 Years” here: [www.niagaracounty.com/health/Vaccine](http://www.niagaracounty.com/health/Vaccine) Unaccompanied minors should also bring ID/proof of date of birth (birth certificate, passport, learning permit/driver’s license, benefits care, etc.).

**Recommendations for Boosters:**

There are now booster recommendations for all three available COVID-19 vaccines in the United States. Eligible individuals may choose which vaccine they receive as a booster dose. Some people may have a preference for the vaccine type that they originally received, and others may prefer to get a different booster. CDC’s recommendations now allow for this type of mix and match dosing for booster shots.

For individuals **16+** who received a **Pfizer-BioNTech** COVID-19 vaccine, a booster is recommended at **6 months** or more after their initial series
