Effective September 1, 2008, New York State Education Law requires that dental health certificates are requested for each new student entering the Lockport City School District as well as in second, fourth, seventh and tenth grade. In alliance with current recommendations from the American Academy of Pediatrics and the American Academy of Pediatric Dentistry, the Lockport City School District recommends regularly scheduled dental visits. Dental Health Certificates must be signed by a duly licensed dentist authorized to practice in New York State. **Please note: dental evaluations performed within 12 months prior to the start of the school year are considered current.** You may contact your dentist for an appointment. If you need assistance with identifying a dentist, a complete listing of local area dentists is available from the Eighth District Dental Society of Western New York, their website may be found at www.8thdistrictdental.org or telephone number 995-6300. Please have your dentist complete this form and submit it to your school nurse. You may contact your child's school nurse for any concerns or questions you may have. Thank you for your assistance in this matter.
