Immunization Requirements for Pre-Kindergarten Students

Dear Parent/Guardian,

New York State Law Section 2164 requires certain immunizations (shots) to enter Pre-kindergarten and attend school. Please check with your health care provider as soon as possible to make sure that your child has all the needed immunizations.

Required Immunizations for Pre-Kindergarten

Immunization	Number of Doses
Polio	3
Hepatitis B	3
Diphtheria/Tetanus/Pertussis	4
Measles/Mumps/Rubella	1
Varicella (Chickenpox)	1
Hemophilus Influenzae	1 to 4
Pneumococcal Conjugate	1 to 4

Students have 14 days from the start of school to receive all required vaccinations to avoid exclusion.

Proof of immunization must be **any 1 of the 3** items listed below:

- An immunization certificate signed by your health care provider
- Immunization Registry report (NYSIIS or CIR from NYC) from your health care provider or the Niagara County Health Department - Phone # 716-278-1903
- A blood test (titer) lab report that proves your child is immune to the disease (only applicable for Measles/Mumps/Rubella/varicella and Hepatitis B)
 - For varicella (chickenpox), a note from your health care provider (MD, NP, PA) which says your child had the disease is also acceptable.

If you have questions/concerns about immunizations, please contact your healthcare provider.
